

10 July 1981

STAT

NOTE FOR: DDCI

FROM : Robert M. Gates

Notes on Legislative/Public Affairs:

- The Director is to testify on Perspective 10 on Tuesday at 10:00. This is only one of three items on the agenda; Thorpe will try to arrange so DCI can leave after his testimony if he wishes. ✓
- Request from sponsor of group of 40 outstanding high school students to visit CIA on 20 July. I told Lavon to turn it down--that from now on we normally would not provide tours for high school students. On the other hand, Omega Ware has a group of Howard University students coming in in a week or so. I confirmed that that was okay as they represent a potential recruitment pool. *Concur* ✓
